REPORT
OF
THE ADJUTANT GENERAL
OF THE
STATE OF NORTH CAROLINA
FOR THE PERIOD 1943—1946

To: His Excellency, The Governor of North Carolina and Commander-in-Chief of the State Military Forces, Executive Office, Raleigh, North Carolina.

Submitted herein is a report of the operations of the Adjutant General's Department for the years 1943, 1944, 1945 and 1946.

THE NORTH CAROLINA STATE GUARD

The first units of the State Guard were organized in 1941, and the organization of 42 Infantry units with a maximum total authorized strength of 2400 was finally completed. Battalions were created and later Regiments. The Guard was then organized into a Brigade. James W. Jenkins of Henderson, a former National Guard Field Officer, with service in the A.E.F. in World War I, who organized and commanded the State Guard company in his home community, was appointed a Brigadier General and assumed command of the Brigade. Words are inadequate to express the most valued service to the State Guard and the assistance to this office rendered by General Jenkins. His unlimited time given, his deep interest, and his military ability is responsible for the well-trained and efficient organization which developed. The State owes him a debt of gratitude.

This was purely a volunteer service on the part of officers and men. Colonel William W. Sharpe, Jr., of Greensboro, commanding 1st Regiment; Colonel James W. Howell of Waynesville, commanding 2nd Regiment; and Colonel Zeno G. Hollowell of Goldsboro, commanding 3rd Regiment, gave much time to their duties and with ability trained efficiently their commands. The several battalion commanders and company officers showed a deep interest and rendered the State a most patriotic service. The enlisted personnel were subservient to orders and directions

and took their training with enthusiasm. Both officers and men were, in most cases, those who, because of age or minor physical conditions, were not subject to service in the Federal forces. There were, however, a number of younger men who had service in the State Guard and who later entered our Federal forces, who realized that their State Guard training proved to be of great benefit. Many of these men became officers in the Army of the United States. Though only two or three companies were called into active duty because of an emergency, all were prepared for such duties. The fact that the State Guard existed was a deterrent to lawlessness.

The strength of the State Guard at the end of the years was as follows:

1943—1900

1944—2128

1945—1857

1946—1619

The State Guard stood in readiness for any emergency.

THE NATIONAL GUARD

The organizations of our National Guard which entered active Federal service September 16, 1940, were so broken up through the policies of the War Department in reorganization, following mobilization, that when, under provisions of the National Defense Act, it was returned to control of the Governor, it was only a paper organization. Officers had been transferred to other assignments, and many of the old sergeants transferred to other organizations. These organizations received many of the men who entered service through Selective Service and trained them for combat. There were, however, a large number of the old officers and men who went through the war with their original companies and batteries. A very large percentage of enlisted men received officer appointments and promotions, and practically all officers were promoted.

In a communication from the Chief, National Guard Bureau, War Department, dated 6 February 1946, to the Governor, the allocation of organizations and strength of the reorganized National Guard was given. This provided for 112 units of the Ground Forces and five units, composing a Fighter Squadron and a Control and Warning Squadron, Air Forces, totaling 13,000 officers and enlisted men.

With the Governor's concurrence, the Adjutant General took exception to that part of the allocation, as affected the organizations and strength pertaining to the 30th Division, which Division was to be organized between North Carolina and Tennessee. After months of discussion of the matter with the National Guard Bureau, War Department, the allocation of Divisional organizations and troops was settled, satisfactory to North Carolina. The reallocation desired was made to the State, 17 July 1946.

INITIAL STEPS IN REORGANIZATION OF NATIONAL GUARD

On 8 July 1946, the Adjutant General requested a conference, 16 July, of several officers of the old National Guard to discuss reorganization. Attending were:

Brigadier General Don E. Scott, Graham, North Carolina.

Brigadier General James W. Jenkins, (Commanding State Guard),
Henderson, North Carolina.

Colonel Godfrey Cheshire, Field Artillery, Raleigh, North Carolina.

Colonel John Hall Manning, Infantry, Raleigh, North Carolina.

Colonel Hodge A. Newell, Medical Corps, Henderson, North Carolina.

Colonel Royce S. McClelland, Coast Artillery Corps, Wilmington, North
Carolina.

Colonel Graham K. Hobbs, Engineers, Raleigh, North Carolina.

Colonel Gordon Smith, U.S.P. & D.O., Raleigh, North Carolina.

Colonel Paul R. Younts, Engineers and Air Corps, Charlotte, North
Carolina.

Colonel Robert B. Lewis, Coast Artillery Corps, Raeford, North Carolina.

Colonel Claude T. Bowers, Infantry, Warrenton, North Carolina.

Colonel William V. Dorsey, Signal Corps, Morganton, North Carolina.

Colonel Wiley M. Pickens, Engineers, Raleigh, North Carolina.

Colonel Thomas S. Kittrell, Quartermaster Corps, Henderson, North
Carolina.

Colonel Paul C. Carter, Medical Corps, Madison, North Carolina.

Lt. Col. Frederick C. Shepard, Field Artillery, Chapel Hill, North
Carolina.

Lt. Col. Meriwether Lewis, Field Artillery, Kinston, North Carolina.

Lt. Col. Carter L. Rhinehart, Signal Corps, Canton, North Carolina.

Present also were Colonel William T. Fitts, Jr., and Colonel David L. Hardee, Regular Army, Instructors, and Major Willard R. Bloxton and Major Albert E. Nowlan of the Adjutant General's Department.

The matter of allocation of units to the several communities for organization was discussed. A small committee, appointed, were provided a tentative distribution, prepared in our office, and after a few days submitted to the Adjutant General a plan of distribution. With some changes the plan was put into effect. It was necessary to consider the maximum strength to be at-

tained by the several types of units and those communities which it was felt could accept the larger units. Also considered was the organization of battalions within areas of the State, that battalion units would not be scattered. On 15 October 1946, a letter was addressed to Mayors of cities and towns, offering units for organization, requesting a conference of civic officials, business men and officers of World War II, to consider the matter, including officer personnel, armories and the ability to provide the required enlisted men. These letters, generally, were well received and steps were taken to organize the Guard.

Colonel John Hall Manning, former Commander, 120th Infantry, was appointed a Major General, 9 September 1946, and assigned to command of the 30th Division.

Whereas the War Department authorized a minimum of 10 per cent of the maximum enlisted strength for activation and inspection for Federal recognition, we required of those units with an overall strength of up to 100, to secure 30 men and those above 100 to have 40 men. Officer personnel was to be secured from those who had service in World War II.

ARMORIES

There are 28 armories in the State, built a few years ago with W.P.A. funds, augmented to about 25 per cent of cost by local communities, the title to these being vested in the city, town or county. In addition, there are about five suitable armories provided by the civil governments. It will be necessary to provide approximately 45 additional armories for the 112 units of the Guard. Some of the existing armories must be enlarged, in those communities where it is anticipated organizing two or more units.

It is hoped that the Congress will provide some assistance in armory construction to be augmented by State and/or counties and municipalities. Such Federal funds, if provided, can only be expended on property, the title to which, is in the State.

The Adjutant General is planning to present a bill to the General Assembly, which convenes in January 1947, which will establish an Armory Commission and to provide an appropriation for each year of the next biennium for armory and warehouse facilities.

RETURN OF COLORS AND STANDARDS AND GUIDONS

November 11, 1946, Colonel Severne S. MacLaughlin, United States Army, commanding the North Carolina Military District, representing the War Department, returned to this State, United

States and Organizational Colors and Unit Guidons of the National Guard, which mobilized for active Federal service in 1940. The presentation was made by Colonel MacLaughlin to Governor R. Gregg Cherry in a formal ceremony 11 November 1946, on the Capitol grounds to the east of the Capitol. The Governor received the colors in a short address. Captain Ray Holder, Chaplain, North Carolina State Guard, served as Chaplain.

The 12th Company and Brigade Detachment, North Carolina State Guard, station Raleigh, North Carolina, under command of Captain Robert J. Wilkins and Lt. Scott Smith, acted as an Escort to the Colors. Fort Bragg furnished the Color bearers and Color guards from the 82nd Airbourne Division, all of whom were men from North Carolina. This detachment was commanded by Lt. Orville Smith. The R.O.T.C. Band, State College, provided the music.

Attending the Governor were officers formerly commanding the National Guard organizations concerned and officers from the Adjutant General's Department. Present:

General J. Van B. Metts, The Adjutant General, North Carolina
General John Hall Manning, Infantry
Colonel Paul R. Younts, Infantry
Colonel Gordon Smith, Quartermaster Corps
Colonel Graham K. Hobbs, Engineers
Colonel Godfrey Cheshire, Field Artillery
Colonel Edward F. Griffin, Field Artillery
Lt. Col. Western H. Willis, Field Artillery

General Don E. Scott, Colonel Hodge A. Newell, Colonel John H. Trescott, Colonel Royce S. McClelland, Colonel Robert B. Lewis, Lt. Col. Oscar I. Wrenn were unable to attend.

Accompanying Colonel MacLaughlin, representing the Regular Army were:

Colonel Norman McNeill
Colonel William T. Fitts, Jr.
Colonel David L. Hardee
Lt. Col. J. W. McNair
Lt. Col. Harold J. Bango
Major James G. Fowler
Major William R. Berkley

The Colors and Guidons were then marched to the Hall of History, where they are to be cared for and kept for their historic value to the State.

GENERAL

The Adjutant General's Department, though short of administrative assistance, functioned efficiently during the war years. The State Guard was, in this period, organized and trained at home stations, in Command Post Exercises and in Field Training during the summer months. Plans were laid for the reorganization of the National Guard. The Adjutant General attended many conferences of committees of the Adjutants General Association and the National Guard Association in the planning for reorganizing the National Guard, on a basis satisfactory to the states. Some difficulty was, at first, encountered in dealings with the War Department, but finally a satisfactory Troop Basis plan was devised. The Adjutant General served, also, as State Director of Selective Service.

Respectfully submitted,

J. VAN B. METTS,

The Adjutant General.

Sir:

Pursuant to your instructions, we have made an examination of the financial records of the

DEPARTMENT OF THE ADJUTANT GENERAL
RALEIGH, NORTH CAROLINA

The cost of operating the office of the Department of Adjutant General for the year under review amounted to \$98,786.61, as compared with \$52,120.15, for the previous year. This increase was caused primarily by improvements within the State Guard. These were purchase of uniforms, camps of instruction, training of officers, etc. Detailed statements of these operations are attached hereto as Exhibits "A" and "C", and supporting Schedules.

Our audit consisted of an examination of the disbursement records. All disbursements were evidenced by properly executed checks on which endorsements appeared in order. The cash balance at June 30, 1943, was reconciled with the records of the State Treasurer and found correct. We inspected a representative number of invoices, payrolls and other data supporting disbursements all of which appeared in order and properly classified under the various budget classifications.

We wish to acknowledge with appreciation the many courtesies extended us by the personnel of the Department during this assignment.

Sir:

As instructed, we have made an examination of the financial records of the

DEPARTMENT OF THE ADJUTANT GENERAL
RALEIGH, NORTH CAROLINA

for the fiscal year ending June 30, 1945 and submit herewith our report consisting of two Exhibits and two Schedules, which we believe to be self-explanatory.

Our audit consisted chiefly of an examination of the disbursement records, and we found all expenditures were evidenced by properly executed checks on which the endorsements appeared in order.

The cash balance at June 30, 1945 was reconciled with the records of the State Treasurer and found correct. We inspected a representative number of invoices, payrolls and other data supporting disbursements, all of which appeared in order and properly classified.

RALEIGH

STATE GUARD
GENERAL ORDERS
No. 1

March 4, 1943

1. A School of Instruction for officers and 1st sergeants will be conducted at Fort Bragg, North Carolina, March 15-24, 1943, both dates inclusive. Commanding Officers are authorized to substitute a sergeant, who is considered officer material, for an officer or 1st sergeant who, for good and sufficient cause, is unable to attend. Those concerned will report to General James W. Jenkins, North Carolina State Guard, in command of personnel, at his headquarters, as shown on the accompanying sketch of the Fort Bragg Area.

2. All officers and non-commissioned officers will report the afternoon or evening of March 14th, and will depart from Fort Bragg for home station, the afternoon of March 24th or morning of the 25th.

3. Officers and 1st sergeants will be granted leave of absence or furlough for the period of the school, only upon recommendation of their immediate Commanding Officer and approved by the Battalion Commander.

4. Transportation via automobile, not to exceed one car per unit, at the rate of 5¢ per mile is authorized. Field and staff officers should endeavor to carry four passengers per car. Bus or rail travel, in the absence of available personal cars is authorized. Necessary meals enroute are authorized.

5. Equipment: The grey and green uniform, denims, extra blue and O.D. shirts, heavy sox, underwear, extra pair of black shoes, toilet articles, towels, 2 sheets, 2 pillow cases, 2 blankets and 1 gas mask will be taken by each officer and non-commissioned officer. Cots, mattresses and pillows will be provided at Fort Bragg. One State Defense Force Manual will be taken by each officer and sergeant attending the school.

6. Quarters in barracks and mess will be provided. Mess equipment will not be taken by the student officers and non-commissioned officers.

7. Arms and Armament: Each officer and non-commissioned officer will provide himself with a shotgun, and each unit will provide 2 sub-machine guns. Ammunition will be furnished at Fort Bragg.

8. Base pay for ten (10) days, as provided in regular army pay table will be paid. Reimbursement for expenses incurred enroute will be made by this department to the owner of the automobile.

9. The following information will be mailed to you direct from Internal Security Headquarters No. 2, Fort Bragg:

a. A letter concerning passes to enter the Post.

b. A sketch showing proper gate to enter Post.

c. A training program.

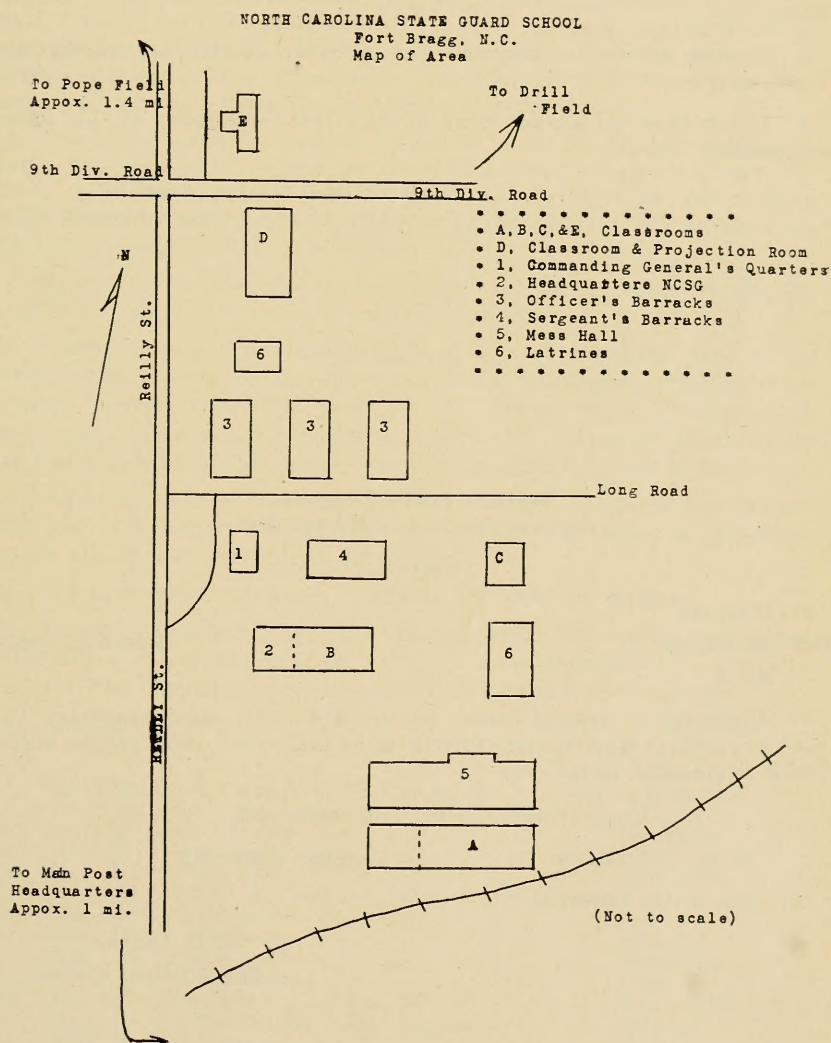

10. The expense enjoined is necessary in the military service.

By order of the Governor:

J. VAN B. METTS,

The Adjutant General.

STATE GUARD
GENERAL ORDER
No. 3

April 28, 1943

1. An inspection of all companies of the North Carolina State Guard, as directed by the Commanding General, Fourth Service Command, by officers of the Army of the United States, will be made. The Commanding Officer of each unit will contact the Inspecting Officer upon his arrival at his station, advising him of the hour of assembly. The itinerary and names of the Inspecting Officer, the latter subject to change, is given herein.

2. The inspection will be made a formal occasion. The inspection will include: The training of the unit and non-commissioned officers, in general the ability of officers, uniforms and equipment, armory facilities and care of armory, and such other matters pertaining to the efficiency and maintenance of a military organization as is proper.

3. Attendance at inspection is compulsory. A report of absentees and the cause of absence will be rendered this headquarters.

4. The inspection of personnel will be made at a convenient hour of the evening of the date set for the inspection, which it is deemed advisable to be between the hour of 7:00 P.M. and 9:30 P.M. Officers, Supply Sergeant, and the Company Clerk will be available to the Inspector during the afternoon, as may be required by him, in connection with administration and property.

5. All property, arms, clothing, and equipment will be cleaned and in good condition. The armory will be clean and orderly. Property in individual lockers will be neat and orderly arranged.

6. The prescribed gray, green or summer uniform will be worn.

7. Battalion Commanders will join the Inspecting Officer at the station and on the date of the inspection of the first unit of his Battalion and accompany the Inspecting Officer upon the inspection of the units of his Battalion.

GENERAL ORDERS
No. 13

June 14, 1943.

1. An eleven (11) day camp of instruction for the North Carolina State Guard will be held at Fort Bragg, North Carolina, July 18-28, 1943. The dates July 18 and July 28 being days of travel.

2. At the conclusion of the camp, organizations will return to their home stations unless sooner relieved by proper authority.

3. **ADVANCE DETACHMENTS:** The following will proceed to Fort Bragg as advance detachments on dates as indicated:

Adjutant—Supply Officer—Two sergeants—Hdq. 1st Brigade

The Adjutant and Supply Officer—1st and 2nd Regiments

Hdq. & Service Companies—1st and 2nd Regiments

a. The above personnel to report to "Concurrent Camp" area, Fort Bragg, N. C., during afternoon of July 16th, 1943;

EXCEPT Regimental supply officers will report to Brigade supply officer in the camp area upon arrival July 15th.

b. One officer, two cooks and two additional men from each gun company will report to camp area by 9:00 o'clock A.M. July 18, 1943. The officer will have assigned, by the Brigade Adjutant, the area for occupancy by his company.

c. Regimental supply officers will report to Major Deaderick C. Dungan, acting Brigade supply officer and will have their ration returns prepared for three day's rations for their regiment, ready to draw rations for their respective battalions of the command on the following day.

d. Cooks will be prepared to have supper for their companies after arrival July 18th. One man from each company will serve as K.P.

e. Regimental commanders will detail one medical officer to report to camp with the advance detachment to arrive the afternoon of July 16th. These officers will contact the post medical officers of the dispensary, and arrange for care of the sick or injured.

f. Major Dungan, 5th Bn, N.C.S.G., in addition to his other duties is appointed Brigade Supply officer for the duration of the camp and will draw rations for the entire Brigade.

g. The Brigade supply officer upon arrival at camp July 15th will draw sufficient rations for the advance detachment.

4. The Brigade Commander, or the Senior Officer present, will be in command of the camp. The Senior Officer or N.C.O. enroute to and from camp with troops will be in command, and will be responsible for the conduct of men and movement of vehicles. The officer in charge will see that the drivers observe and obey all traffic laws. Schedule of movements from home station will be announced later. The movement, from camp to home stations, will be furnished by the camp commander to all concerned.

5. It is anticipated that the movement from home station to camp and return will be by school buses. Individual officers and men reporting with advance detachment are authorized to travel by private auto, or rail if necessary, with an allowance of 5¢ per mile per car. Officers and men, from the same community, of the advance detachment should arrange to travel to camp in one car if possible.

6. Meals enroute will be arranged by company commanders for their command. Meals purchased enroute will not exceed 50¢ per meal per man. A voucher will be submitted to the Adjutant General, N. C., showing total number of men and total expended, that reimbursement may be made. Rations while in camp will be drawn from the QM Fort Bragg in accordance with arrangements made by the camp commander with Post Headquarters.

7. **UNIFORMS AND EQUIPMENT:** Summer khaki uniforms, mess equipment, raincoats, toilet articles, sufficient underwear, socks, bathing suit, gas mask, practice grenades, denims, and issue shoes will be carried to camp. Tan shoes may be worn provided the entire unit is equipped with them. Sun helmets if available will be taken to camp. Units will bring necessary office equipment including typewriters all training and field manuals, note books, pencils, forms, stationery, company records, (including mobilization plans), and will inform themselves prior to arrival at camp how to properly prepare Duty Roster, Morning Report, and Sick Report. It is recommended that those units who have sufficient funds secure either a blue or khaki laundry bag which will eliminate the necessity for suitcases in camp. No civilian clothes or cameras will be taken to camp. The N.C.S.G. shoulder patches will be placed on each khaki shirt before reporting to camp. No N.C. buttons, nor cross guns will be worn by the enlisted men on the collars of their shirts. Khaki ties will be worn. Regulations prohibit officers and enlisted men from wearing any braid whatsoever on khaki caps. All braid will be removed. Shotguns and submachine guns will be taken to camp.

a. Each officer and enlisted man should provide himself with two (2) sheets and a pillow case. Laundry facilities are limited and cannot be counted on by the State Guard troops.

b. Ammunition will be furnished by the State and will be available at Fort Bragg. Fort Bragg authorities will furnish tents, cots, mattresses, pillows and blankets.

8. Units who cannot take at least 60% of their enlisted strength will not attend camp. Enlisted men will not be excused from attendance to camp except in cases where attendance would cause a bonafide hardship. Company commanders will definitely assure themselves that a hardship exist before authorizing leave of absence on the part of officers and enlisted men of their command. Company commanders of units which cannot meet this strength requirement will notify this Headquarters not later than July 10, 1943.

9. No debts or obligations against the State will be incurred by any officer, enlisted man or organization, except such as have been authorized from this Headquarters.

10. The Commanding General of the State Guard Camp will see that all orders and regulations governing the post are complied with and will so direct officers and men of the command.

11. **PAY:** Officers and enlisted men will be paid base pay for the period of service as provided in regular army pay table. Ration account and the cost of miscellaneous articles necessary to the operation of the camp will be settled by the Adjutant General, N.C., upon rendition of vouchers signed by proper post authority and approved by the camp commander. The expense enjoined is necessary in the military service.

1 October 1943.

1. Effective immediately officers and enlisted men of the North Carolina State Guard will be required to submit a report of physical examination made by a Medical Officer of the State Guard, Federal Service, County Health Officer, or Practicing Physician, using Form AGD-NC-SG #22 "Report of Physical Examination." Report will be forwarded to The Adjutant General, North Carolina. Preparation of one form only is necessary.

2a. Officers holding commissions in the State Guard and the Enlisted personnel will submit Form AGD-NC-SG #22 as early as practicable and not later than November 1, 1943.

b. Personnel recommended for appointment as an officer will submit the report of physical examination to accompany the recommendation for such appointment, if such "Report of Physical Examination" has not previously been submitted.

c. All men to be enlisted will be physically examined prior to enlistment and Form AGD #22 will be submitted with the enlistment record.

3. The object of the examination is the determination of the degree of fitness of the personnel of the State Guard. With this end in view the examination will be thorough in an effort to determine the character of the incipient or obscure physical or mental defects which impair the health and usefulness of the individual being examined. When such abnormalities are discovered, the examiner will make suitable recommendations as to the acceptance of the individual into the services of the State Guard. In arriving at a decision as to whether a defect or a combination of defects permanently

incapacitates for field service, medical examiners will carefully consider the age and grade of the individual concerned and duties which normally would devolve upon him should he be placed on active duty with the State Guard.

4. Commanding officers will endeavor to secure the voluntary service of one or more physicians within the community to conduct the physical examination of officers and enlisted personnel, using the services of State Guard Medical Officers stationed within the community as far as practicable. Should the voluntary and patriotic services of a physician of the community be not afforded, the officer concerned will endeavor to arrange with a physician to make the physical examination at the rate of \$1.00 per examination. The cost to be paid by the State through the Adjutant General's Department upon vouchers approved by the Commanding Officer or officers concerned.

By order of the Governor:

J. VAN B. METTS,
The Adjutant General.

No. 23

10 November 1943.

1. Reference General Order No. 22, A.G.O., N.C., 1 October 1943, the requirements in the completion of Form AGD-NC-SG-#22 "Report of Physical Examination," by the Examining Physician is modified to require only answers to the following questions:

- Pulse rate
- Blood pressure.
- 1. Heart or blood vessels.
- 2. Lungs or pleura.
- 7. Venereal diseases.
- 9. Organs of locomotion.
- 10. Anus or rectum.
- 11. Has he a hernia.

This modification is made because of the stress of work of Physicians and the difficulty to secure much of their time. When practical, it is desired that all questions on the Form #22 be answered.

2. It is desired that Officers concerned arrange to have that part of the Form, not involving the Physician's answers, completed for the Physician and when practical, to write in, the answers to questions, for him, thereby conserving the Physician's time.

3. The Officer concerned with having examinations made, will keep the Examining Physician advised as to this modification.

No. 7

1. (a) A Camp of Instruction for the North Carolina State Guard will be held at Fort Bragg, N. C., July 6-16, 1944. A school for 2 officers and 2 N. C. O.'s from each unit will be conducted July 6-9, 1944. The main body of troops will report for training for the period July 9-16, 1944.

(b) Troops reporting July 9, 1944 should leave their home stations at such time as to assure their arrival at Fort Bragg not later than 1700.

(c) The Area at Fort Bragg to which officers and men will report is to be announced later.

(d) Further details concerning the camp will be announced in administrative orders issued by The Brigade Commander.

2. At the conclusion of the camp, organizations will return to their home stations unless sooner relieved by proper authority.

3. The following officers and men will proceed to Fort Bragg on dates as indicated:

July 5th. Brigade Adjutant
Brigade Supply Officer
Adjutant 1st and 2nd Regts.
Supply Officers 1st & 2nd Regts.
Seven (7) trucks with two (2) drivers each will proceed under direction of the C. O. Hdqrs and Service Co., 1st Regiment.

July 6th. Brigade Hq. and Staff
Brigade enl. detach.
Regt. Hdqrs. and Staff 1st and 2nd Regts.
Hqrs. and Service Co., 1st and 2nd Regts.
Battalion Commanders and Staff
One Medical Officer and five (5) E. M. from each medical det. 1st and 2nd Regts.
Two (2) officers each Line Company
Two (2) Platoon Sgts. each Line Co.
Two (2) Cooks, each Line Co.

July 9th. Main Body, Companies under command of a Lieutenant

(a) One Medical Officer from each regimental medical detachment will contact the Post Medical Officer of the dispensary and arrange for care of the sick and injured.

(b) The Brigade supply officer upon arrival at camp July 5th will draw sufficient rations for the troops attending the school and camp of instruction.

4. The brigade commander, or the Senior Officer present, will be in command of the camp. The Senior Officer or N.C.O. enroute to and from camp with troops will be in command, and will be responsible for the con-

duct of men and movement of vehicles. The officer in charge will see that the drivers observe and obey all traffic laws. Schedule of movements from home station will be announced later. Schedule of movements from camp to home station will be furnished by the camp commander to all concerned.

5. The movement from home station to camp and return will be by school buses. Individual officers and men reporting with advance detachments are authorized to travel by private auto, or common carrier, with an allowance of 5¢ per mile per car or actual cost by common carrier. Officers and men from the same unit of the advance detachment should arrange to travel to camp in two cars. Two cars per unit are authorized. Receipts for bus expenses will accompany vouchers.

6. Meals enroute will be arranged by company commanders for their command and will not exceed 50¢ per meal per man. A voucher will be submitted to the Adjutant General, N.C., for reimbursement showing total number of men and total expended. Rations while in camp will be drawn from the QM Fort Bragg in accordance with arrangements made by the camp commander with Post Headquarters.

7. **UNIFORMS AND EQUIPMENT**—Summer khaki uniforms, mess equipment, rain coats, toilet articles, sufficient underwear, socks, gas mask, practice grenades, denims, and issue shoes will be carried to camp. Tan shoes may be worn provided the entire unit is equipped with them, sun helmets if available will be taken to camp. Units will bring necessary office equipment including typewriters, all training and field manuals, note books, pencils, forms, stationery and company records. It is recommended that those units who have sufficient funds secure either a blue or khaki laundry bag which will eliminate the necessity for suitcases in camp. No civilian clothes or cameras will be taken to camp. The N.C.S.G. shoulder patch will be placed on each khaki shirt before reporting to camp. No N.C. buttons, nor cross guns will be worn by the enlisted men on the collars of their shirts. Regulations prohibit officers and enlisted men from wearing any braid whatsoever on khaki caps. All braid will be removed. Rifles and submachine guns will be taken to camp.

(a) Each officer and enlisted man should provide himself with two (2) sheets and a pillow case. Laundry facilities are limited and cannot be counted on by the State Guard troops.

(b) Ammunition will be furnished by the State and will be available at Fort Bragg. Fort Bragg authorities will furnish cots, mattresses, pillows, blankets, and tents if necessary.

8. Units who cannot take at least 60% of their enlisted strength will not attend camp. Enlisted men will not be excused from attendance to camp except in cases where attendance would cause a bonafide hardship. Company commanders will definitely assure themselves that a hardship exists before requesting leave of absence through channels to Regimental Commander for officers and enlisted men of their command. Company commanders of units which cannot meet this strength requirement will notify this Headquarters not later than June 24, 1944.

9. No debts or obligations against the State will be incurred by any officer, enlisted man or organization, except such as have been authorized from this Headquarters.

10. The Commanding General of the State Guard Camp will see that all orders and regulations governing the post are complied with and will so direct officers and men of the command.

11. **PAY**—Officers and enlisted men will be paid base pay for the period of service as provided in regular army pay table. Officers and men will not report before dates indicated in paragraph 3 above and will be entered on pay roll accordingly. Officers and men will be paid from reporting date through July 16, 1944. Ration account and the cost of miscellaneous articles necessary to the operation of the camp will be settled by the Adjutant General, N.C., upon rendition of vouchers signed by proper post authority and approved by the camp commander. The expense enjoined is necessary in the military service.

No. 15

1. With profound sorrow and regret the death of

FIRST LIEUTENANT FRED M. WHITE

40th Company, 1st Battalion, 3rd Regiment, North Carolina State Guard, station Elizabeth City, North Carolina, on 24 July 1944, is announced.

2. Lieutenant White was born on Roanoke Island, North Carolina, near the village of Wanchese, 30 September 1898, and moved to Elizabeth City, N. C. in his youth, where he became an outstanding business man. He was deeply interested in civic and religious affairs, a veteran of World War I, and always displayed a deep interest in the American Legion in which he served as Vice-Commander and Commander of his local Seth E. Perry Post No. 84. Lieutenant White was one of the organizers and original members of the 40th Company, North Carolina State Guard in which he served honorably and faithfully until his death. In his death, the Guard has lost a most capable officer and a true friend.

Record of Service:

Fred M. White enlisted in the United States Marine Corps in January 1917 at Durham, North Carolina, received basic training at Parris Island, South Carolina: Served in Washington, D. C., and on the U. S. S. Michigan: Honorably discharged the service as Private 1st class at St. Juliens Creek (Va.) Ammunition Depot in June 1919. He entered service as 1st Lieutenant, Infantry, North Carolina State Guard, under appointment dated 13 November 1942, in which capacity he was serving at the time of his death.

GENERAL ORDERS

25 September, 1944.

No. 18

1. (a) A Camp of Instruction for the North Carolina State Guard will be held at Fort Bragg, N. C., October 19-29, 1944. A school for 2 officers and 2 N.C.O.'s from each unit will be conducted Oct. 19-22, 1944. The main body of troops will report for training for the period Oct. 22-29, 1944.

(b) Dependent upon the type of transportation to be furnished, the hour of movement of companies and detachments to camp on October 22, 1944 will be announced later.

(c) Troops of Brigade will be quartered in the old 9th Division Area. The route into the area will be announced in Brigade Administrative Orders.

(d) Further details concerning the camp will be announced in administrative orders issued by The Brigade Commander.

2. At the conclusion of the camp, organizations will return to their home stations unless sooner relieved by proper authority.

3. The following officers and men will proceed to Fort Bragg on dates as indicated:

October 18th Brigade Adjutant
 Brigade Supply Officer
 Adjutant 1st, 2nd & 3rd Rgts.
 Supply Officer 1st, 2nd & 3rd Rgts.
 Seven (7) trucks with two (2) drivers each will proceed under direction of the C. O. Hdqrs. and Service Co. of each Regiment

October 19th Brigade Hq. and Staff
 Brigade enl. detach, with Brigade Truck.
 Regt. Hdqrs. and Staff 1st, 2nd & 3rd Regts.
 Hqrs. and Service Co., 1st, 2nd & 3rd Regts.
 Battalion Commanders and Staff
 One Medical Officer and five (5) E. M. from each medical det. 1st, 2nd & 3rd Regts.
 Two (2) officers each Line Company & M. G. Co.
 Two (2) Platoon Sgts. each Line Co. & M. G. Co.
 Two (2) Cooks, each Line Co. and M. G. Co.

October 22nd Main Body—Companies under command of a Lieutenant

(a) One Medical Officer from each regimental medical detachment will contact the Post Medical Officer of the dispensary and arrange for care of the sick and injured.

(b) The Brigade supply officer upon arrival at camp Oct. 18 will draw sufficient rations for the troops attending the school and camp of instruction.

4. The Brigade Commander, or the Senior Officer present, will be in command of the camp. The Senior Officer or N.C.O. enroute to and from camp with troops will be in command, and will be responsible for the conduct of men and movement of vehicles. The officer in charge will see that the drivers observe and obey all traffic laws. Schedule of movements from home station will be announced later. Schedule of movements from camp to home stations will be furnished by the camp commander to all concerned.

5. The means of transportation from home station to camp and return will be announced later. Individual officers and men reporting with advance detachments are authorized to travel by private auto, or common carrier, with an allowance of 5¢ per mile per car or actual cost by common carrier. Officers and men from the same unit of the advance detachment should arrange to travel to camp in two cars. Two cars per unit are authorized.

6. Meals enroute will be arranged by company commanders for their command and will not exceed 50¢ per meal per man. A voucher will be submitted to the Adjutant General, N.C., for reimbursement showing total number of men and total expended. Rations while in camp will be drawn from the QM Fort Bragg in accordance with arrangements made by the camp commander with Post Headquarters.

7. **UNIFORMS AND EQUIPMENT**—Official uniform to be worn will be announced in Brigade Administrative Orders. Mess equipment, rain coats, toilet articles, sufficient underwear, socks, gas mask, practice grenades, denims, and issue shoes will be carried to camp. Tan shoes may be worn provided the entire unit is equipped with them. Units will bring necessary office equipment including typewriters, all training and field manuals, note books, pencils, forms, stationery and company records. It is recommended that those units who have sufficient funds secure either a blue or khaki laundry bag which will eliminate the necessity for suitcases in camp. No civilian clothes or cameras will be taken to camp. The N.C.S.G. shoulder patch will be placed on each shirt before reporting to camp. No N.C. buttons, nor cross guns will be worn by the enlisted men on the collars of their shirts. Regulations prohibit officers and enlisted men from wearing any braid whatsoever on khaki caps. All braid will be removed. Rifles and submachine guns will be taken to camp.

(a) Each officer and enlisted man should provide himself with two (2) sheets and a pillow case if desired. Laundry facilities are limited and cannot be counted on by the State Guard troops.

(b) Ammunition will be furnished by the State and will be available at Fort Bragg. Fort Bragg authorities will furnish cots, mattresses, pillows and blankets.

8. Units which cannot take at least 60 % of their enlisted strength will not attend camp. Should 60 % be less than 25 enlisted men such units are required to take not less than 25 enlisted men to camp. Enlisted men will not be excused from attendance to camp except in cases where attendance would cause a bonafide hardship. Company commanders will definitely assure themselves that a hardship exists before requesting leave of absence through channels to Regimental Commander for officers and

enlisted men of their command. Company commanders will notify this Headquarters not later than Oct. 9, 1944 the number of officers and men they will take to camp.

9. No debts or obligations against the State will be incurred by any officer, enlisted man or organization, except such have been authorized from this Headquarters.

10. The Commanding General of the State Guard Camp will see that all orders and regulations governing the post are complied with and will so direct officers and men of the command.

11. **Pay**—Officers and enlisted men will be paid base pay for the period of service as provided in regular army pay table. Officers and men will not report before dates as indicated in paragraph 3 above and will be entered on pay roll accordingly. Officers and men will be paid from reporting date through October 29, 1944. Ration account and the cost of miscellaneous articles necessary to the operation of the camp will be settled by the Adjutant General, N.C., upon rendition of vouchers signed by proper post authority and approved by the camp commander. The expense enjoined is necessary in the military service.

STATE GUARD
 GENERAL ORDERS
 No. 2

March 28, 1945.

1. An inventory of all State and Federal property in the possession of the North Carolina State Guard will be made in the near future and the full cooperation of all concerned is requested. Such an inventory or physical check of property is being made to:

- a. Determine any shortages which may exist.
- b. Take such steps as may be necessary to remove shortages by means provided in regulations.
- c. To ascertain the state or condition of equipment in units and endeavor to secure equipment to cover deficiencies.

2. Upon recommendation of the Brigade Commander the inventories will be made by Battalion Supply Officers under the direction of the Battalion Commander and the necessary travel orders will be issued by this office. In connection with the inventories the following information is furnished:

- a. A list of balances of each unit showing property on hand will be furnished each inventorying officer.
- b. Inventorying Officers will make arrangements with responsible officers (charged with property) as to the time and date of inventories. It should be held at a time when the responsible officer can be present, together with the Supply Sergeant, and, if necessary, another member of the company. The responsible officer **must** be present.
- c. The responsible officer should be notified in advance of the visit in order that all property may be **in the armory** and available to be counted.
- d. Federal and State property should be arranged separately. The inventory will be made from the list of balances and will only include property actually seen and counted. It is suggested that a check sheet as listed below be used, showing:

(EXAMPLE)

Quantity and Article charged	On hand	Short	Over	Remarks
120 Shirts, cotton	110	10	—	10 to be surveyed
120 Trousers, cotton	130	—	10	10 to be taken up

(Note: Items of Federal or State property over should be taken up by furnishing the Adjutant General's Department a signed shipping ticket.)

3. a. Property found to be short should be made the subject of a report of survey (WD FORM AGO. No. 15) **to be prepared prior to the departure of the inventorying officer.** Federal and State property should be the subject of separate reports of survey—each so marked. A report of survey will contain complete information as to the loss, damage or destruction of the property and will be accompanied by affidavits or certificates setting forth the circumstances in sufficient detail to enable the surveying officer to fix responsibility for the loss, damage or destruction. Property pertaining to more than one supply arm or service will not be placed on the same report of survey, i.e. QM., Ord., etc.

b. Unserviceable property will be counted and included as being on hand. However, property that has become unserviceable through fair wear and tear in the service should be made the subject of an I and I

report (WD. NGB. FORM 14) and such property will usually include only personal equipment.

4. Inventorying Officers will submit the original copy of their report to the Adjutant General's Department, one copy to the responsible officer, one copy to the Brigade Commander, and one copy to be retained. The inventories will be completed by May 20, 1945, and reports of same will include a statement as to:

- a. Condition of property records.
- b. Recommendations in connection with the property.
- c. Statement as to Company Council Book being kept in accordance with instructions.

5. The importance of the care of Federal and State property cannot be emphasized too strongly and it is urged that all responsible officers study and keep for ready reference—"State Guard Property Accounting, March 1, 1943" issued by the National Guard Bureau and furnished all concerned by this office.

GENERAL ORDERS
No. 5

April 14, 1945.

1. An Inspection of all companies of the North Carolina State Guard, as directed by the Commanding General, Fourth Service Command, by officers of the Army of the United States, will be made. The Commanding Officer of each unit will contact the Inspecting Officer upon his arrival at his station, advising him of the hour of assembly. The Itinerary and names of the Inspecting Officer, the latter subject to change, is given herein.

2. The Inspection will be made a formal occasion. The Inspection will include: The training of the unit and noncommissioned officers, in general the ability of officers, uniforms and equipment, armory facilities and care of armory, and such other matters pertaining to the efficiency and maintenance of a military organization as is proper.

3. Attendance at Inspection is compulsory. A report of absentees and the cause of absence will be rendered this headquarters.

4. The Inspection of personnel will be made at a convenient hour of the evening on the date set for the Inspection, which it is deemed advisable to be between the hour of 7:00 P.M. and 9:30 P.M. Officers, Supply Sergeant, and the Company Clerk will be available to the Inspector during the afternoon, as may be required by him, in connection with the administration and property.

5. All property, arms, clothing, and equipment will be cleaned and in good condition. The armory will be cleaned and orderly. Property in individual lockers will be neat and orderly arranged.

6. Any property rendered unserviceable through fair wear and tear will be arranged separate from other property, ready for inspection.

7. The prescribed winter O.D., or summer uniform will be worn.

8. Battalion Commanders will join the Inspecting Officer at the station and on the date of the Inspection of the first unit of his Battalion and accompany the Inspecting Officer upon the Inspection of the units of his Battalion.

9. All Officers, Staff Corps and Departments, and Officers not attached to organizations, will report to the Inspecting Officers at their respective home station or at the nearest station indicated, and on the date mentioned in Par. 10, hereof.

No. 9

9 June 1945.

1. (a) A Camp of Instruction for the North Carolina State Guard will be held at Fort Bragg, N. C., July 10-22, 1945. Schools for Officers and NCOs from each unit will be conducted July 10-13, 1945. The main body of troops will report for training July 13, 1945.

(b) Dependent upon the type of transportation to be furnished the hour of movement of companies and detachments to camp on July 13, 1945 will be announced later.

(c) The area to be occupied by troops and the route thereto will be announced later.

(d) Further details concerning the camp will be announced in administrative orders issued by the Brigade Commander.

2. At the conclusion of the camp, organizations will return to their home stations unless sooner relieved by proper authority.

3. The following Officers and men will proceed to Fort Bragg, N. C., on dates as indicated:

July 9th —Brigade Adjutant

Brigade Supply Officer & Asst. G-4

Adjutant—1st, 2nd & 3rd Rgts.

Supply Officer—1st, 2nd & 3rd Rgts.

Trucks with two (2) drivers each will proceed under direction of the unit commander.

July 10th—Brigade Headquarters & Staff

Brigade Enlisted Detachment with Brigade truck.

Regimental Headquarters & Staff, 1st, 2nd & 3rd Rgts.

Headquarters & Service Co., 1st, 2nd & 3rd Rgts.

Battalion Commanders & Staff.

One (1) Medical Officer & five (5) enlisted men from each Medical Detachment—1st, 2nd & 3rd Rgts.

Two (2) Officers (one the CO) each Line Company & each Machine Gun Co.

Two (2) Platoon Sgts. each Line Co. & each M. G. Co.

One (1) Mess Sgt. each Line Co. & each M. G. Co.

Two (2) Cooks each Line Co. and each M. G. Co.

July 13th—Main Body—Companies under command of a Lieutenant.

(a) One Medical Officer from each Regimental Medical Detachment will contact the Post Medical Officer of the dispensary and arrange for care of the sick and injured.

(b) The Brigade Supply Officer & Asst. G-4 upon arrival at camp July 9th, will draw sufficient rations for the troops attending the school and camp of instruction.

4. The Brigade Commander or the Senior Officer present will assume command of the camp. The Senior Officer or NCO enroute to and from camp with troops will be in command and will be responsible for the conduct of men and movement of vehicles. The Officer in Charge will see that the drivers observe and obey all traffic laws. Schedule of movements from home stations will be announced later. Schedule of movements from camp to home stations will be furnished by the camp commander to all concerned.

5. It is probable school buses will furnish transportation. Means of transportation from home station to camp and return will be announced later. Individual Officers and men reporting with advance detachments are authorized to travel by private automobile or common carrier with an allowance of five (5¢) cents per mile per car or actual cost of common carrier. Officers and men from the same unit of the advance detachment should arrange to travel to camp in two cars. Two (2) cars per unit are authorized.

6. Meals enroute will be arranged by company commanders for their command and will not exceed fifty (.50¢) cents per meal per man. A voucher (Form #-16) will be submitted to the Adjutant General, N. C., for reimbursement showing total number of men and total amount expended. Rations while in camp will be drawn from the Quartermaster, Fort Bragg, N. C., in accordance with arrangements made by the camp commander with Post Headquarters.

7. **UNIFORMS AND EQUIPMENT**—Official uniform to be worn will be announced in Brigade administrative orders. Mess equipment, raincoats, toilet articles, sufficient underwear, socks, gas mask, practice grenades, denims and issue shoes will be carried to camp. Tan shoes may be worn provided the entire unit is equipped with them. Units will bring necessary office equipment, including typewriters, all training and field manuals, note books, pencils, forms, stationery and company records. It is recommended that those units which have sufficient funds, secure either a blue or khaki laundry bag which will eliminate the necessity for suitcases in camp. No civilian clothes or cameras will be taken to camp. The N. C. S. G. shoulder patch will be placed on each shirt before reporting to camp. Rifles and Submachine Guns will be taken to camp.

(a) Each Officer and enlisted man should provide himself with two (2) sheets, and a pillow case, if desired. Laundry facilities are limited and cannot be counted on by the State Guard troops.

(b) Ammunition will be furnished by the State and will be available at Fort Bragg. Fort Bragg authorities will furnish cots, mattresses, pillows and blankets.

8. Units which cannot take at least Sixty (60%) per cent of their enlisted strength will not attend camp. Should sixty (60%) per cent of the strength be less than twenty (25) five enlisted men such units are required to take not less than twenty (25) five enlisted men to camp. Enlisted men will not be excused from attendance to camp except in cases where attendance will cause a bonafide hardship. Company commanders will definitely assure themselves that a hardship exists before requesting leave of absence through channels to Regimental Commander for Officers and enlisted men of their commands. Company commanders will notify this Headquarters not later than—**JULY 1, 1945**, the number of Officers and men they will take to camp.

9. No debts or obligations against the State will be incurred by any Officer, enlisted man or organization except such as have been authorized from this Headquarters.

10. The Commanding General of the State Guard Camp will see that all orders and regulations governing the Post are complied with and will so direct Officers and men of the command.

11. **PAY**—Officers and enlisted men will be paid base pay for the period of service as provided in regular army pay table. Officers and men will not report before dates as indicated in Par. 3, above and will be entered on payroll accordingly. Officers and men will be paid from reporting date through July 22, 1945, unless sooner relieved. Ration account and the cost of miscellaneous articles necessary to the operation of the camp will be settled by the Adjutant General, N. C., upon rendition of vouchers (Form

#-16) signed by proper authority and approved by the camp commander. Vouchers submitted by personnel of the State Guard covering meals, travel and other items as authorized will be forwarded to this department NOT LATER THAN AUGUST 31, 1945.

12. The expense enjoined is necessary in the military service.

No. 15

1. With deep sorrow and regret, the sudden death of

SECOND LIEUTENANT WARREN VAUGHN WOODARD

Machine Gun Company, 3rd Regiment, North Carolina State Guard, on June 20, 1945, is announced.

2. Lieutenant Woodard, born in Wilson, North Carolina, September 17, 1900, spent his life in the community of his birth. He was educated in the schools of Wilson and at the University of North Carolina, returning to his native city in which he entered business life, and there maintained his residence until the time of his death. A man of ability and energy, he was most highly thought of by his friends and associates. His friends were many. Upon the organization of the 7th Company, North Carolina State Guard, and during the period of the present National Emergency, in his patriotism and desire to be of some service, he became one of the original members of the military company, in the service of the State. The men had the highest respect and most friendly feeling for him, and throughout his service, he always showed a particular interest in the personnel of the Machine Gun Company. His many friends and those who have served with him in his military activities, as well as those of his home community, mourn his sudden death in which is lost a true friend and a faithful officer.

Record of Service

Lieutenant Woodard enlisted with the 7th Company (later designated Machine Gun Company, 3rd Regiment) March 13, 1941; was soon promoted to the grade of Sergeant, then to the grade of First Sergeant. He was appointed and commissioned Second Lieutenant, North Carolina State Guard, July 13, 1943, and assigned to duty with the Machine Gun Company, in which rank he served until the time of his death.

REPORT OF THE ADJUTANT GENERAL

IMPORTANT LETTERS AND MEMOS

STATE OF NORTH CAROLINA
ADJUTANT GENERAL'S DEPARTMENT
RALEIGH

January 12, 1945.

**BRIEF FOR CONSIDERATION OF JOINT COMMITTEE
ON APPROPRIATIONS**

1. Though the Budget Commission made a few minor cuts in their recommendation to the General Assembly against those provided in the estimate submitted by this department for the next biennium, The Adjutant General will endeavor to carry on and request of the Joint Committee on Appropriations to provide that which is recommended by the Director of the Budget for the next biennium.

2. The State Guard organized in the early part of 1941, operated under The Adjutant General's Department, is dependent upon the Brigade and three Regimental Commanders, to a great extent, in its training. These officers, men of business affairs, have voluntarily given much of their time and thought to the preparation of training schedules and in other general activities necessary to the maintenance of a well-trained and efficient organization. They are performing these duties, many of which were, in the days of the National Guard, cared for by Regular Army Instructor Personnel, furnished the State by the Federal Government, but which personnel is not now available to the State Guard nor this department.

3. The State Guard is maintained at State expense except that the Federal Government has recently been furnishing some type of uniforms for enlisted personnel and certain field equipment, including motor vehicles, which must be maintained and operated by the State.

The Adjutant General.

READ AT NEXT ASSEMBLY

SUBJECT: Future of the North Carolina State Guard.

TO: Officers and Enlisted Men, N.C.S.G.

1. Thought is being given and plans considered for the 1946 Field Training of the State Guard. It is desired, that in the Summer of 1946, a suitable camp site be secured in some locality where officers and men may find opportunities for pleasure. Though one or two places have been checked, such plans have not yet materialized. It is the plan of both the Bri-

gade Commander and The Adjutant General that the training program be not so strenuous and that the hours of training be reduced over past years that all may have time for recreation and pleasure. Definite information as to the date and place will be issued at the earliest practicable time.

2. Orders are now being issued by this Headquarters covering the Annual Federal Inspection of all units of the North Carolina State Guard during the month of May, 1946, and will be distributed to all concerned. It is believed that all units can and will achieve even better ratings than ever before.

3. It comes to my attention that there seems to be a feeling on the part of some that the State Guard may be disbanded in the very near future, giving way to the reorganized National Guard. I would like to dispel such ideas.

4. No one, at the moment, can say when the National Guard will be reorganized to the extent it may take over the duties of the State Guard. Until such time, it seems to me, the respective local communities in which we have State Guard units, should realize the seriousness of disasters or disturbances that may arise in which local authorities may find it necessary to call upon the State for assistance.

5. The State must have a protective force ready, in strength and training, subject to the call or order of the Governor in any emergency. The State Guard is that force.

6. Over the past few years, the State Guard has been maintained and has developed into a very efficient organization. The officers and men composing it should now realize that their continued interest and service is essential to the welfare of the people; protection of our homes, and business, and our community. The State Guard should so continue, ready to perform its mission, to the end, or whatever time the National Guard may be sufficiently organized and trained to assume these duties.

7. It is true, as many may have noted in the press, that the War Department is laying plans to have the National Guard reorganized and is working on Tables of Organization. Allotment of strength to the States is being tentatively prepared. Other matters are being considered, but the beginning of the reorganization of the National Guard cannot be until the War Department gives authority. It will be necessary to confer with States as to their acceptance of such organizations as are planned for them. It will take some time, after receiving the "go-ahead" signal, to determine the location of units; to provide officers and enlisted personnel. Enlistment papers, physical examinations, armories and other details must be given thought. Then, as units are organized, a certain amount of training becomes necessary before a unit is competent to perform its mission.

8. It is my desire, to utilize State Guard units as far as is practicable, as a basis of this reorganization. Units of the State Guard as such should be disbanded, **only** as a sufficient number of National Guard units are available as a protective force.

9. It is hoped, and urged, that having shown that loyalty, usual to the American citizen, you and all of you, who have given to the State and your

community this protective force, continue your efforts and your sincere interest and that you appeal to other available citizens to come into your ranks. The job has not been completed. After all which has been so efficiently accomplished, it is incumbent upon all to "carry on" until officially advised by the Governor that your work is done.

STATE OF NORTH CAROLINA
ADJUTANT GENERAL'S DEPARTMENT
RALEIGH

25 March 1946.

My dear Sir:

The War Department is planning for the activation of the National Guard of the United States and the tentative allotment of organizations to North Carolina is 11,000 troops. This indicates that there will be an opportunity to locate units in communities which have, in the years past, maintained National Guard troops, and also in several communities which have not been afforded the opportunity to have them in the past, though many of those towns have desired a part in providing our military forces. Many communities, in both categories have organized, and have efficient State Guard units, now serving the State.

Looking ahead, in our planning, the purpose of this letter issued to a number of towns and cities is to ascertain, as soon as practicable, whether or not your community is interested in being given consideration for an unit of the National Guard. It would be desirable that you discuss this matter with Municipal and County Officials, a few business men and ex-service men, called together, and that you advise as to the desire of your community in the matter.

The Federal Government pays officers and men for one drill, per week, and during Field Training. Training is supervised by Officers of the Regular Army. Field Training will be held annually in summer camps. Uniforms and full equipment are provided. Armory facilities and efficient officer and enlisted personnel are necessary in the organization of a National Guard unit.

The value of the National Guard to the State and Nation in the past years is a matter of record and is well known to our people. Its value to a Community is in the orderly training in discipline of young men, and in their physical build-up; comradeship of the members; and the financial benefits to be derived to the extent of several thousands of dollars provided largely by the Federal Government and by the State.

At such time as we may begin reorganization of the National Guard, it is anticipated that personal visits will be made to the communities, which express interest, that fuller information be furnished and definite plans made to establish units.

In addition to the value of the National Guard in the protection of homes, property and business, the State has an obligation to the Federal Government, in providing its part of the National Guard of the United States and the Army of the United States. The National Guard, organized and trained, is essential to our Nation in times of distress.

Sincerely,

J. VAN B. METTS,

The Adjutant General.

MEETING IN CONFERENCE WITH THE GOVERNOR AND THE
ADJUTANT GENERAL OF NORTH CAROLINA,
AT RALEIGH 30 APRIL 1946**

"Brig. Gen. J. Van B. Metts
State Adjutant General
Raleigh, North Carolina

Re Conference State Guard Commanders consider it urgent that organization efficiency and interest of these units and personnel be maintained during this interim period. State Guard has filled essential role under difficult conditions. Appreciate task of Commanders more difficult due to circumstances attendant with end of hostilities and demobilization. All concerned must be inspired to complete State Guard task so far well done. Please extend my appreciation to all Commanders for their efforts and good work.

REPORT OF THE ADJUTANT GENERAL

STATE OF NORTH CAROLINA
 ADJUTANT GENERAL'S DEPARTMENT
 RALEIGH

16 May, 1946.

Feeling that the officers and enlisted personnel of the North Carolina National Guard who entered active Federal Service, September, 1940, are interested in the future or post-war organization of the North Carolina National Guard, it is desired to present to you such information as is available at the present time concerning this reorganization.

Since this department does not have a complete list of those enlisted men of the North Carolina National Guard commissioned in the Army of the United States after entering Federal Service, and desiring that they too have some knowledge of the post-war organization of the National Guard, it is requested that you contact as many as possible of them and give them the information furnished herein, and that you request that those interested in future service in the North Carolina National Guard write the Adjutant General of North Carolina and advise him of their interest, giving an outline of their commissioned service in the Army of the United States.

The War Department has submitted to the Governor of North Carolina a proposed allotment of National Guard units to the State. A general outline of the strength required for federal recognition and subsequent growth over a period of two years was given, maximum strength at the end of this period to be approximately 11,000 men. Organizations tentatively allotted include units of the 30th Division and non-divisional troops of Anti-Aircraft Artillery, Combat Engineers, Tank Destroyers, Field Artillery, Military Police, and Air Corps troops. The allotment as made has not yet been finally accepted by the State since there are some phases up for discussion. As soon as this discussion is decided, the reorganization of the Ground Forces with the National Guard will begin.

Present War Department policies relating to an initial procurement of officer personnel during the reorganization of the National Guard provide that federal recognition and commissions in the National Guard of the United States above the grade of Second Lieutenant will be limited to those officers who have, subsequent to 7 December 1941, served honorably in the active Federal Service for a period of at least six months. Second Lieutenants may be appointed from Warrant Officers and enlisted men of the first three grades with war service. Officers of the Air National Guard units should be thoroughly trained in the specific military occupational specialties required by current tables of organization.

The following maximum age-in-grade limitations are established for officers of the National Guard:

Assignment	Grade					
	2nd Lt.	1st Lt.	Capt.	Major	Lt.Col.	Col.
State Headquarters	40	43	46	51	55	60
Air Units	31	36	41	44	47	49
Other than Air Units	30	35	42	47	52	55

The State Guard was organized during the absence of the National

Guard and will remain as a state protective force until such time as sufficient number of units of the National Guard are reorganized, trained and equipped to take over this task. It is intended that all qualified personnel of the National Guard and State Guard will be considered as available for this reorganization.

It will be a great help if you would assist State Guard units to obtain qualified officers and enlisted personnel in order that they will be prepared for federal recognition as a National Guard unit when the State can and does accept final War Department plans for the North Carolina National Guard. Officers and enlisted men who have been released from active duty or to an inactive status can be members of the State Guard without jeopardy to their status in the Armed Forces.

There is now before Congress a bill, HR 5762, which if enacted into law will authorize appropriation of funds for the purchase of land and construction of or purchase of armory, warehouses, and other facilities. The bill provides that such purchase or construction may be made wholly with Federal funds or by the joint use of Federal and State funds under regulations to be prescribed by the Secretary of War. Use of Federal funds may only be in such cases in which the title to the property is vested in the State or the Federal Government.

The efforts of the Adjutants General Association and the National Guard Association of the United States to have enacted by the Congress a retirement bill in the interest of former and future officers and enlisted men of the National Guard are progressing satisfactorily at present. It appears that those with not less than 20 years' service, four years of which will have been in active Federal Service, will meet the War Department approval. The sub-committee of the Senate Military Affairs Committee seems very favorable to the enactment of some provisions for the retirement of this personnel.

Sincerely

J. VAN B. METTS,
The Adjutant General.

MEMORANDUM:

8 July 1946.

CONFERENCE RE REORGANIZATION NATIONAL GUARD

1. It is requested that the officers, as per attached list, meet with The Adjutant General, North Carolina, at his office, Justice Building, Raleigh, at 10:30 A. M. Tuesday, 16 July 1946, to discuss matters pertaining to the reorganization of the North Carolina National Guard.

2. Actual expenses of the trip will be paid. Meals and hotel not to exceed five (5.00) dollars per day, as per State law.

3. Attached, also, is a memorandum showing the organizations and units allotted North Carolina and the number of officers, in grade, necessary to the respective commands.

4. It is realized that, in addition to the officer personnel which entered active service in September 1940, there are a number of our enlisted men who were later commissioned in the Army of the United States and who also may be interested in the postwar organization. All Headquarters should be organized before Federal recognition of units; such as Regimental, Battalion, etc. These Headquarters may be initially organized at 50 per cent of total. Maximum age in grade, for ground troops follows:

2nd Lts	1st Lts	Cpts	Majors	Lt Cols	Cols
30	35	42	47	52	55

5. Selection of unit officers will depend upon local communities. It is desired now to have you consider and suggest, at our conference, names of those, you may consider competent, for consideration for Headquarters of the respective branches, especially for the command; as well as to discuss matters generally.

6. Realizing that those requested to meet with us, have a more intimate knowledge of the ability and service during the War, of the many National Guard officers, The Adjutant General desires and would appreciate your assistance in these matters. In the reorganization of the Guard, Reserve Officers, interested, may qualify for National Guard appointments. The following is the policy established by the War Department for qualifying for initial appointment of officers:

- "a. During the reorganization of the National Guard, Federal recognition and commissions in the National Guard of the United States above the grade of second lieutenant will be limited to those officers who have subsequent to 7 December 1941 served honorably in active federal service in the armed forces for a period of at least six months.
- b. Warrant officers and enlisted men of the first three grades, with war service, who may be nominated for appointment as second lieutenants may be exempted from attendance at an Officer Candidate School by examining boards when their wartime experience clearly satisfies the required standards."

7. Kindly think over these matters and come prepared for discussion and suggestions of officers. Please wire collect if you will be present at this conference.

REPORT OF THE ADJUTANT GENERAL

STATE OF NORTH CAROLINA
 ADJUTANT GENERAL'S DEPARTMENT

RALEIGH

25 July 1946.

The North Carolina National Guard is now being reorganized and in this reorganization it is desired to give all consideration possible to you and all other National Guard officers and men who entered Federal Service in September 1940 and desire future service with the N. C. National Guard. If you are interested and desire future service, I would appreciate your advising me as early as possible. In any event, I would enjoy hearing from you.

In the initial procurement of officers for the reorganization of the National Guard, War Department requirements are that all appointments above the grade of 2nd Lieutenant will be limited to those officers who have served at least six months in the AUS since 7 December 1941 and are within the following age-in-grade limitations:

Assignment	Grade					
	2nd Lt	1st Lt	Capt	Major	Lt Col	Col
State Headquarters	40	43	46	51	55	60
Air Units	31	36	41	44	47	49
Other than Air Units	30	35	42	47	52	55

It is realized that some N. C. National Guard officers were released by reason of physical disability, many relieved from active duty reverted to their former National Guard status, and others accepted a commission in the Officers Reserve Corps upon relief from active duty. All such officers except those relieved by reason of physical disability are eligible for appointment in the reorganized National Guard.

The War Department has not as yet furnished this office with complete records of all officers and men of the N. C. National Guard, and I will appreciate it if you will assist me in securing the information requested on the inclosed questionnaire, in order that your official record in this office may be complete, correct and available for your future use, and considered in the selection of post-war officer personnel of the N. C. National Guard.

Any information you can furnish me concerning any enlisted member of the N. C. National Guard who was commissioned in the AUS after induction will also be very much appreciated. Please request them to write direct to me, or send me their names and addresses and I will contact them.

Thanking you in advance for your cooperation in helping me secure this necessary information, I remain

Sincerely yours,

J. VAN B. METTS,
The Adjutant General.

STATE OF NORTH CAROLINA
ADJUTANT GENERAL'S DEPARTMENT
RALEIGH

October 16 1946.

Home stations for units of the reorganized North Carolina National Guard have been tentatively selected. These locations were based on the following:

(a) Population of the community and its ability to supply sufficient personnel to organize and maintain the unit at required strength.

(b) Place units of the same regiments and battalions in adjacent areas in order that regimental and battalion CO's may make frequent visits to all units and exercise greater supervision of the training and maintenance of the units of their command.

(c) Considering a and b above, and the fact that changes have been made by the War Department in tables of organization of the Army, and some units of the North Carolina National Guard that entered Federal Service in September 1940 were not reallocated to the State but new types of units have been, effort has been made to return as far as practicable the same units to their assigned stations prior to World War II. To preserve history, battle honors, and so forth, old units will be redesignated or converted to conform to the new allotment.

Your city has been selected as the home station for the following:

Organization	Strength for		Maximum	
	Fed. Recog.		Strength	
	OFF.	EM	OFF	EM

The North Carolina State Guard, organized for the purpose of taking over the duties of the North Carolina National Guard while that organization was in Federal Service, has rendered the State a great service and its members are to be commended for their excellent performance of these duties. In communities where State Guard units are now stationed, they can be used as a nucleus on which to reorganize the National Guard.

In order to estimate the situation and to more intelligently consider the manpower available and other pertinent matters, it is suggested that a group of city and county officials, representatives of civic and patriotic organizations, officers and men who served in World War II, and State Guardsmen be called together to consider the matter, and that if desired a small committee be appointed to consider the acceptance of the above allocation by your city, providing armory facilities, and to suggest the names of a few who are available as officer personnel. To assist in this we are inclosing a list taken from present records available to this office of National Guard, Reserve and AUS officers who live in your community. In the final selection of officer personnel, qualifications required by the War Department and one's conduct and standing in his community should be the deciding factors.

Your attention is also directed to Memorandum, this department, 2 October 1946, Subject: "Notes on Reorganization of the North Carolina National Guard," copy of which has been mailed to you. Your interest in assisting your community as well as the State, in giving prompt attention to this important matter will be deeply appreciated. Should a committee be appointed to assist you, it is desired that such committee, as your representative, advise this office as early as convenient as to recommendations and decision.

Sincerely yours,

J. VAN B. METTS,
The Adjutant General.

MEMORANDUM

2 October 1946.

**NOTES ON REORGANIZATION OF THE NORTH CAROLINA
NATIONAL GUARD**

1. The following notes which deal with miscellaneous matters of interest in connection with the new National Guard for North Carolina are published for the information of community leaders and others who may be interested.

a. Officer Personnel.

Officers, except as shown below will be selected from those who served as officers for at least 6 months since 7 December 1941 and demonstrated their fitness while in the service. They will be examined by a board of officers for physical, moral and professional fitness. Professional qualifications will be judged mainly by performance in World War II.

Second Lieutenants may be appointed without prior commissioned service from a list of those who served in the first three enlisted grades or as warrant officers for at least 6 months since 7 December 1941. Second lieutenants may also be procured from recent graduates of the ROTC or officers candidate schools.

Specialists such as ministers of the gospel, doctors, etc., may be appointed chaplains, medical officers, etc. without previous military training.

The maximum age limits for officers of the **ground** forces are: 2nd Lt, 30 years; 1st Lt, 35 years; Capt, 42 years; Major, 47 years; Lt Col, 52 years; Colonel, 55 years.

b. Enlisted Personnel.

Men between the ages of 18-35 may now be enlisted without regard to prior service. However, those between the ages of 18-29 will be required to agree to an immediate administrative discharge provided a Local Board certifies that they would be processed for induction were it not for enlistment in the National Guard. For men over 35, certain prior active service is required.

c. Organizing a Unit.

After the State has selected and appointed the officers for a unit, the officers have to go before a board for Federal recognition. The officers secure the enlistment of the EM. They must all be physically examined, In the absence of a medical officer of the Regular Service, or National Guard, such physical examination may be made by a practicing physician. In the latter case, the physician should first be recommended to me, and I, in turn, submit the recommendation to the National Guard Bureau, which gives its approval and furnishes such physician with the standard to be followed in making the examination, and such other information as may be in order. Prior to World War II, physicians of the State, as a patriotic service, examined men for enlistment at the cost of \$1.00 per man, and it is hoped that such arrangements may be made for the future.

At first the units do not have to be very large, as a period of time has been set up by the War Department for this organization. Initially the unit may be made up largely of non-commissioned officers who can prepare to receive new men. Such non-commissioned officers must be men of previous experience as such. Units, the maximum strength of which will be less than 100 men may be initially Federally recognized at a minimum strength of 30 enlisted men. Those requiring a maximum strength of over 100 men at a minimum of 40 enlisted men.

It will be possible for officers and men who can meet the qualifications to be members of the National Guard at the same time that they are members of the State Guard. This will facilitate the transition from the State Guard to the National Guard which will occur in some cases.

d. Armories.

Since we will have about 112 units to organize in the State, against 64 units which we had prior to World War II, we will find many communities without a standard armory. Armory facilities will be necessary and, at least for the present, I feel that a suitable place, even a hall on the second floor of a building, would be acceptable. It would be necessary, however, that a strong room be built-in for the protection of arms and ammunition and a supply room would necessarily have sufficiently strong walls and doors with strong locks and all accessible windows or openings thereto barred with iron bars.

We now have a bill in Congress which we hope will be acted upon shortly after reconvening of Congress, which will provide funds to assist in construction of armories. To what extent this assistance may be provided is not known, though it is felt that the Federal Government, under that bill will provide probably $\frac{2}{3}$ or $\frac{3}{4}$ of the cost of the construction and the remainder will be the responsibility for the State and local communities. We cannot tell just now what the State itself may do, but it is my purpose to take this matter up with the General Assembly, which convenes in January, in an effort to have some armory fund created. This is all problematical.

e. Progress of Reorganization.

You will note that we have appointed Colonel John Hall Manning, former Commander of the 120th Infantry, as a Major General to Command the 30th Division, of which our Infantry is a part, and have appointed

Colonel Paul R. Younts to be Division Chief-of-Staff. Just as soon as practicable, and I hope it will be soon, it is our purpose to take up with all communities the matter of the type of organization to be organized and to begin the reorganization of the National Guard. As to officer personnel, we, naturally, desire that such personnel be men of good standing in their community, having the respect and confidence of the business people and men whose conduct and attitude are substantial.

f. National Guard both a State and National Force.

It is important that all concerned realize that the National Guard performs a necessary service to the State as well as to the National Government. Every state must have a protective force trained and equipped to enable it to function effectively at existing strength in the protection of life and property and the preservation of peace, order and public safety within its borders. This function is in addition to providing that part of the National defense that has proven of such great importance in the wars of the past. With this in mind each community should do its part in providing facilities and encouragement for the reorganization and maintenance of the North Carolina National Guard.

ADJUTANT GENERAL'S DEPARTMENT
RALEIGH

16 December 1946.

PRESS RELEASE—ASSOCIATED PRESS

The Adjutant General's Department of the State Government was officially established by an act of the General Assembly to be found in Chapter XVIII, Section 7 of the laws of 1806. Next to those departments provided for in the Constitution, it is the oldest department. The Adjutant General, by law, appointed by the Governor, is the head of the Department and is responsible to the Governor and to the War Department for all matters pertaining to the military forces of the State.

The North Carolina National Guard, as a part of the National Guard of the United States, being State and Federal troops, entered active Federal Service in September 1940. In order to maintain a State protective force, the North Carolina State Guard was organized, this being a State force only.

The State Guard, composed of 42 companies stationed in the several communities of the State, has, since its organization, undergone an intensive training, in drills at the home stations and in an annual camp of field training each year. The organization has, under the supervision of Brig. General James W. Jenkins of Henderson as Brigade Commander, an officer of World War I, been moulded into a very efficient organization. Upon the reorganization and Federal recognition of a number of National Guard units, the units of the State Guard will be disbanded.

The National Guard organizations which entered Federal Service, having become largely disintegrated, now having been returned to State control, will be reorganized. Many types of organizations, or branches of the Service, not formerly of the North Carolina National Guard, have been allotted the State.

This department has been laying plans for reorganizing the National Guard, for the past few months, in which many matters had to be settled with the National Guard Bureau of the War Department.

North Carolina and Tennessee will reorganize the 30th Division, which had outstanding service in both World War I and World War II. In World War I, troops of the North Carolina, South Carolina and Tennessee National Guard practically composed the Division. In World War II it was troops of the North Carolina, South Carolina, Tennessee and Georgia National Guard which were the background of the Division. North Carolina now will have the Major General commanding the Division, to which position former Colonel John Hall Manning has been appointed, with Colonel Paul R. Younts as Executive Officer. Colonel Claude T. Bowers will command the 119th Infantry and Colonel Peyton McSwain the 120th Infantry. Tennessee will appoint the Assistant Division Commander, a Brig. General. Allotted to North Carolina is the majority of the Division staff, including the higher ranking officers thereof.

In addition to Divisional troops, North Carolina will organize non-divisional troops composed of battalions of Field Artillery, Engineers, Anti-Aircraft Artillery, and Field Artillery Observation Battalion.

The maximum strength of the North Carolina National Guard will be 13,100 officers and men against 5,000 who entered World War II.

STATE OF NORTH CAROLINA
ADJUTANT GENERAL'S DEPARTMENT
RALEIGH

MEMORANDUM TO: Former and Present Officers, North Carolina National Guard.

1. Upon the instigation and approval of the officials of The National Guard Association of the United States, and the Reserve Officers Association, H.B. 5204 has been introduced in the Congress by Mr. Brooks, representative from Louisiana. A copy of the bill attached hereto, which provides for retirement pay to officers and enlisted men of the Reserve or civilian components of the military service, who may meet the conditions therein, is of definite importance.

2. Neither the National Guard or Reserve Officers Association have any delusions as to the magnitude of the task in securing the enactment of such legislation, and recognize that such a measure will be vigorously opposed by the War Department and Regular Army.

3. It will be necessary that funds be provided to cover expenses incident to the effort to secure the enactment of this bill. There will be some administrative expense and expenses of representatives of the two Associations attending Committee hearings in presenting our case and combating opposition. The joint efforts of the Reserve Officers Association and National Guard Association are agreed upon to press for enactment of this bill. The Reserve Officers Association advise that they have the necessary funds in their Treasury. The National Guard Association and The Adjutants General Association, having been put to a great expense over the past two years, in connection with the post war organization of the armed forces, as affects the National Guard, do not have the funds necessary in the effort to secure enactment of the Retirement Bill. Major General Walsh of Minnesota, President of our National Guard and Adjutants General Associations, has urged upon all states, through the Adjutants General, to contact National Guardsmen, officers and enlisted men, who have had years of service in the Guard, and who may be personally interested, or interested in others who have been or may be in the future, Guardsmen, in the solicitation of funds for the purpose mentioned.

4. The Adjutant General, N. C., recently called a conference of a number of officers to consider a plan of action. Present were: General Don E. Scott, Colonel John H. Manning, Colonel R. S. McClelland, Colonel Marion B. Fowler, Colonel Claude T. Bowers, Colonel Paul R. Younts, Colonel Wiley M. Pickens, Colonel Gordon Smith, and Major William Oliver Smith (ORC). These officers are to contact one or more interested officers or enlisted men in each of the Congressional Districts, who, in turn, may create larger committees. The purpose of these committees is to raise funds so urgent, if we are to accomplish the desired results, in the interest of the many who have for years past maintained a fighting force and who, in the years to come, will give their time and energies to provide the future National Guard. The splendid record of the National Guard, in both World War I and II is a matter of history. This history is made possible by those who have often through personal sacrifices maintained and trained the Guard, which in the wars past, has furnished the government with a well organized, trained and efficient force, so needed.

5. Any checks may be made payable or indorsed to The National Guard Association of the United States and forwarded to The Adjutant General, P. O. Box 791, Raleigh, N. C. The names and addresses of contributors should be furnished.

6. Immediate action is important, as hearings before Congressional Committees will begin early in March.

(Seal)

J. VAN B. METTS,
The Adjutant General.

79TH CONGRESS
2d Session

H. R. 5204

IN THE HOUSE OF REPRESENTATIVES

January 22, 1946

Mr. Brooks introduced the following bill; which was referred to
the Committee on Military Affairs

A BILL

To provide for a proposed system for retirement of members of the reserve forces of the army of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby established an honorary retired list for the reserve components of the land and naval forces. There shall be placed on such honorary retired list the names of any officer, warrant officer, or enlisted man of the reserve component of the land and naval forces of the United States who has served for a period of not less than twenty years and has been honorably separated therefrom.

SEC. 2. Any person whose name is borne on the honorary retired list established by this Act, and who is not eligible for retirement under any other Federal Law, who has reached the age of sixty years and who has not less than twenty years duty including active and inactive duty, Federal and non-Federal, of which not less than two years have been active Federal duty, and who requests that his name be placed on such list, shall be paid retired pay at the rate of 2 per centum of active-duty base pay, including longevity pay, in the highest grade attained and satisfactorily maintained by him during any period of active and inactive duty, Federal and non-Federal, multiplied by a number equal to his number of years of active and inactive duty, both Federal and non-Federal, or by thirty, whichever may be the lesser: PROVIDED FURTHER, That there shall not be included any time in which the officer, warrant officer, or enlisted man was ineligible for active duty: AND PROVIDED FURTHER, That if any such officer, warrant officer, or enlisted man shall be separated from the service before attaining the age of sixty years he shall nevertheless, for the purpose of this Act, be eligible upon attaining the required age to submit application with credit accruing at the specified ratio for the service performed.

SEC. 3. In computing the length of active service all active service in the Army, Navy, Marine Corps, Coast Guard, or any reserve component thereof shall be included: PROVIDED, That a fractional year of six months or more shall be considered a full year.

SEC. 4. That in computing the active Federal service there shall be included those periods of active Federal duty and periods of training authorized by the Secretary of War or the Secretary of the Navy for annual field training or sea duty, respectively, attendance at service schools, and to include periods of training under sections 94, 97, and 99, National Defense Act.

SEC. 5. That such officer, warrant officer, or enlisted man was separated from the service or relieved from active duty under conditions indicating that his service was honorable, and that his separation or relief was not effected as the result of any action or condition reflecting discredit on the service.

SEC. 6. That the duties, powers, and functions incident to the administration and payments of benefits herein provided are hereby vested in the Veterans' Administration: PROVIDED, That determination of all questions of eligibility shall be made by the Secretary of War (in the case of military personnel) or the Secretary of Navy (in the case of naval personnel), or by someone designated by them in the War or Navy Departments, in the manner and in accordance with the standards provided by law or regulations for personnel of the Regular Army or the Regular Navy and Marine Corps: AND PROVIDED FURTHER, That the benefits under this Act shall take effect upon date of application if approved.

SEC. 7. Nothing herein contained shall be construed to change, alter, or amend any existing law relating to the payment of disability benefits, death benefits, or pensions to veterans of any war: PROVIDED, That benefits under this Act shall not be paid concurrently with active-duty pay or any other compensation, pension, or retirement pay authorized by law for

Federal personnel or whatever class, civil, military, naval, judicial, legislative, or otherwise, and in the event that any person becomes eligible for, or is in receipt of any such compensation, pension, or retirement pay, he shall elect which benefit to receive. No bounty, back pay, pension, or allowance hereunder shall be held to have accrued prior to the passage of this Act.

BATTLE HONORS—Citation of units-----**Section VIII**

VIII—BATTLE HONORS.—1. As authorized by Executive Order No. 9396 (sec. I, Bull. 22, WD, 1943), superseding Executive Order No. 9075 (sec. III, Bull. 11, WD, 1942), citations of the following units in General Orders No. 111, Headquarters 30th Infantry Division, 1 December 1944, as approved by the Commanding General, European Theater of Operations, are confirmed under the provisions of section IV, Circular No. 333, War Department, 1943, in the name of the President of the United States as public evidence of deserved honor and distinction. The citation reads as follows:

The 2d Battalion, 120th Infantry Regiment, is cited for outstanding performance of duty in armed conflict with the enemy. On 6 August 1944 the 2d Battalion, 120th Infantry Regiment, occupied defensive positions on Hill 314 which commanded major routes of approach and supply. The success of the Allied break-through battles in Normandy depended upon retention of this vital terrain feature. Orders directed the battalion to hold the hill at all costs. On 7 August 1944 the Germans launched the first of a series of vicious counterattacks in which they committed large forces of infantry and armor in a desperate and fanatical attempt to split the Allied forces driving into Brittany from those in Normandy. In the initial attack enemy troops reached Mortain and completely surrounded Hill 314, isolating the 2d Battalion, 120th Infantry Regiment. Repeated attacks on the hill were repulsed in bitter fighting. During the siege that followed, enemy pressure was unrelenting, food and ammunition were low, and medical supplies were rapidly exhausted because of the many casualties sustained. Two attempts by aircraft to supply the isolated men resulted in partial success, with the bulk of the supplies falling in enemy-held territory. A desperate attempt was made to provide medical supplies fired from friendly artillery, part of which reached the battalion. Appeals to surrender were rejected. Threatening annihilation, the enemy launched another bitter attack with a large force of tanks, which was successfully repulsed by this heroic battalion but at the cost of numerous casualties. At night, infiltrating enemy attacking under cover of darkness were driven back. During the day, the battalion repulsed numerous enemy penetrations and withstood terrific aerial bombardments, strafing, and intense artillery concentrations. Although the battalion suffered heavy losses and faced an acute shortage of water, food, and medical supplies, it remained steadfast in the defense of Hill 314. The personnel of this battalion held their ground tenaciously and in the face of bitter opposition courageously denied the strategic hill to the enemy. The battalion's losses in this action included 277 killed, wounded, and missing, but numerous casualties and heavy loss of equipment were inflicted upon the enemy. During the entire 7-day period the gallant fighting men of the 2d Battalion, 120th Infantry Regiment, exhibited unwavering fortitude and an indom-

itable fighting spirit, repulsing one of the most severe and determined counterattacks launched by the Germans in France. By its brave and heroic stand it prevented the enemy from splitting our forces in Normandy from those in Brittany. The unflinching devotion to duty and superb courage displayed by each man of the battalion reflect the highest traditions of the armed forces.

The Company K, 120th Infantry Regiment, is cited for outstanding performance of duty in armed conflict with the enemy. On 6 August 1944 Company K, while attached to the 2d Battalion, 120th Infantry Regiment, occupied defensive positions on Hill 314 which commanded major routes of approach and supply. Possession of this terrain feature was vital to the success of the Allied break-through battles out of Normandy. Orders directed the company to hold its defensive position at all costs. The 1st Platoon, Antitank Company, 120th Infantry Regiment, is cited for outstanding performance of duty in armed conflict with the enemy. On 6 August 1944 the 1st Platoon, Antitank Company, 120th Infantry Regiment, was assigned the mission of placing and defending a road block at the convergence of five roads near Abbaye-Blanche, northwest of Mortain, in support of the 2d Battalion which was occupying Hill 314. The mission of this platoon was to deny heavy enemy armor the use of these roads to attack Hill 314. This hill commanded major routes of approach and supply, the possession of which was vital to the success of the Allied

break-through battles in Normandy. In the initial attack enemy troops reached Mortain and completely surrounded Hill 314. During the siege that followed the 1st Platoon vigorously repulsed repeated enemy attempts to break through the road blocks with heavy armor. Throughout the entire 7-day period the Germans subjected this stubborn group to devastating attacks in a futile attempt to neutralize the position which was holding up the advance of their armor. Heroically, the platoon assisted in destroying more than 60 tanks and vehicles and effectively blocked the enemy's advance. The personnel of this platoon held their ground tenaciously and, in the face of bitter opposition, courageously denied the use of the strategic road to the enemy. During the entire engagement the gallant men of the platoon exhibited unwavering fortitude and indomitable fighting spirit in assisting to repulse one of the most severe and determined counterattacks launched by the Germans in France. By their brave and heroic stand the men of this platoon materially assisted in preventing the enemy from splitting our forces in Normandy from those in Brittany. The 2d Platoon, Antitank Company, 120th Infantry Regiment, is cited for outstanding performance of duty in armed conflict with the enemy. BATTLE HONORS. As authorized by Executive Order 9396 (sec. I, WD Bul. 22, 1943), superseding Executive Order 9075 (sec. III, WD Bul. 11, 1942), citations of the following units in the general orders indicated are confirmed under the provisions of section IV, WD Circular 333, 1943, in the name of the President of the United States as public evidence of deserved honor and distinction. The citations read as follows:

2. The 1st Battalion, 120th Infantry Regiment, is cited for outstanding performance of duty in action against the enemy from 8 to 12 October 1944, in Germany. This battalion was given the mission of capturing and holding an important enemy-held town located on vitally strategic terrain. Due to the nature of this terrain, the attack was made across an unprotected area within full view of enemy defenses, so that when the objective was reached, the enemy was still able to deliver accurate fire. Despite violent opposition and heavy casualties, the troops fought tenaciously and seized the town. Four counter-attacks were launched by the foe in the days following and numerically superior infantry and armored thrusts were repulsed in bitter fighting. The enemy lost 38 tanks, and 125 troops were captured, in addition to an unknown number of killed and wounded personnel. The heroism exhibited by all members of the 1st Battalion, 120th Infantry Regiment, reflects great credit on themselves, and is in keeping with the highest traditions of the military service. (General Orders 642, Headquarters Seventh Army, Western Military District, 9 November 1945, as approved by the Commanding General, United States Army Forces, European Theater (main).)

3. As authorized by Executive Order 9396 (sec. I, WD Bul. 22, 1943), superseding Executive Order No. 9075 (sec. III, WD Bul. 11, 1942), citation of the following unit in General Orders, 67, Headquarters 30th Infantry Division, 25 March 1945, as approved by the Commanding General, European Theater of Operations, is confirmed under the provisions of section IV, WD Circular 333, 1943, in the name of the President of the United States as public evidence of deserved honor and distinction. The citation reads as follows:

The 3rd Platoon, Company B, 105th Engineer Combat Battalion, is cited for outstanding performance of duty in action against the enemy on 7 July 1944 in France. In the crossing of the Vire River by the 30th Infantry Division in the vicinity of the town of Airel, France, the 3rd Platoon, Company B, 105th Engineer Combat Battalion, was given the mission of constructing a footbridge for the crossing of infantry troops. Well-coordinated fires of all types protected strong entrenchments occupied by the enemy, and from the commanding ground which the enemy occupied on the far shore they had excellent observation of the movement of any troops in the vicinity, while the flat terrain close to the river's edge gave them a perfect field of fire. In the face of heavy, observed enemy artillery and mortar fire and exceptionally heavy small-arms fire, the members of the bridge party carried the floating bays to the river's edge and began construction of the bridge. Twice during the operation the bridge was destroyed by enemy artillery and mortar fire and approximately 49 percent of the original members of the bridge party were either killed or wounded. Displaying outstanding courage and determination, the remaining members swam out into the river in the face of deadly small-arms fire, repaired the bridge for the second time, and lashed it into place. The casualties suffered in the initial phase of the operation and the heavy enemy fire which twice destroyed their work left no doubt as to the desperate attempts of the enemy to deny a successful completion of this project, and only through an unusual display of gallantry and determination by all participants was this difficult mission successfully accomplished. The matchless bravery and unflinching devotion to duty displayed by the members of the 3rd Platoon, Company B, 105th Engineer Combat Battalion, reflect the highest traditions of the armed forces.

MORTAIN BATTLE EARNS PRAISE FOR 30TH DIVISION

Once "Training Outfit," It Halted Major Counter-Drive

A year ago this month the 30th Infantry Division was going about the rather boring business of maneuvers in Tennessee wondering if it would ever get the chance to wear combat ribbons. The "sharps" said the division would never go overseas, that it was a training unit preparing men who would serve as replacements for other organizations. The "sharps" were wrong.

Last week the 30th Division received a special commendation given by Maj. Gen. Lawton J. Collins, Seventh Corps Commander. The award was given for the magnificent job the 30th had done in holding off the last major attack of the German Seventh Army in the vicinity of Mortain early last month. Addressed to the Division's commanding general, it read in part:

"Your division, with the aid of the Third Armored Division and an Infantry regiment of the Fourth Division, bore the brunt of the desperate attack of the German Seventh Army. With the assistance of the artillery of the Fourth Division and the Third Armored, the 30th Infantry Division checked this penetration and then destroyed the German force which made the advance.

120th Cited Specially

Gen. Collins paid special tribute to "the tenacity of the Second Battalion of the 120th Infantry which, when isolated on a hill east of Mortain, held out for five consecutive days against determined efforts of the Germans to annihilate it."

For five rugged days the "Old Hickory" Division slugged it out with the best of the Wehrmacht, five infantry-armor divisions, including the SS Adolf Hitler Panzers. The Germans were shooting for Avranches and the sea, attempting to split the American armies in Normandy and Brittany. They didn't quite make it.

The 30th didn't just "happen" to be holding the sector from Le Mesnil Tove through St. Barthelmy to Mortain when the Germans threw their last desperate punch before turning to run.

Lt. Gen. Omar Bradley, commanding the 12th Army group, had selected the division to hold the major part of the bottom of the "pocket," releasing other units to work the side of the bag in which thousands of Heinies were finally trapped.

Attack Came Quickly

The Germans attacked shortly after the 30th took up its position. Taking advantage of good road net-works, the enemy struck furiously in several sectors. The fury of the attack stunned the Yanks.

A battalion was overrun in the St. Barthelmy sector; the second battalion of the 120th was isolated, "lost" on a hill overlooking Mortain.

An artillery battalion used direct fire, so close were German tanks. In several instances, engineers, artillerymen and cavalrymen fought as

infantrymen. The bayonet was an overworked weapon—it was that kind of scrap.

The bazooka played the most prominent of roles, knocking out numbers of tanks, stalling others which were then duck soup for rocket firing Typhoons of the RAF which flew to support the foot troops on the afternoon of the first day of fighting.

And so it went with the fighting division which a year ago wondered if it would ever see combat. After three days of wild mixing the Germans were beaten off in most sectors, the supply lines between the peninsulas remained intact. It took five days to rescue the heroic "lost battalion." Though its casualties were high, the 30th Division had completed its assigned mission in a superb manner.
